Yes it should – I think there is a charge number, etc. We asked each person to initially charge site travel to their own accounts, and we will settle up later if needed.

This should definitely be site-specific travel.

Jennifer, please coordinate this with Dana/ARD tomorrow. Hopefully, this turns out to be site

travel (where we have a large unused balance right now). If it turns out that non-site travel is required, office-wide we have plenty of funds remaining (but as Dana indicates we may need to move money around between divisions and branches). Please loop bob in on this to make sure we keep him up to speed. Thanks.

Bob and RMD friends

You may be aware that we have been asked to mobilize a team to do a quick study of the release at the Gold King Mine site in Region 8. I believe that Jim has agreed to pay the travel for the 5 team members, only one of whom is in OSRTI (Shahid Mahmud); the others are in the Regions. They are planning to travel Sunday, so we plan to assist with the TAs tomorrow. I don't yet know whether this can be site travel or must be non-site. Also Jennifer told me that ARD is low on travel but hopefully OSRTI has enough overall to cover.

Schatzi and I will coordinate with RMD tomorrow. Thanks - Dana
